Total:	10	

1. Tick the correct answer:

- (a) (1 point) Which of the following philosophers is NOT mentioned in ch.2:
- ☐ Aristotle
 - ☐ Socrates
- (b) (1 point) Ch.2 is concerned with the relationship between time and change
- ☐ True
 - ☐ False
- (c) (1 point) The existence of temporal vacua would provide support for which of the following views?
- ☐ Absolutism
 - ☐ Relationalism
- (d) (1 point) The fact that time cannot speed up or slow down is evidence for which claim?
- ☐ Time is distinct from change.
 - ☐ Time is not distinct from change.
- (e) (1 point) One argument for the existence of temporal vacua is
- ☐ The experience argument
 - ☐ The measure argument
 - ☐ Everything has a reason
 - ☐ None of the above

2. (5 points) Answer ONE of the following questions. Write 3–5 sentences:

- Why, according to ch.2, does it not make sense to think of time speeding up or slowing down?
- Summarize the experience argument
- Summarize the measure argument
- Summarize the ‘everything has a reason’ argument.
