Proposed Learning Outcome

By clicking below, you agree with the following for the spring 2023 semester:

This course will **intentionally teach** the relevant outcome.

This course either does not have or will waive pre/co-requisites.

This course will be suitable for the general student body.

This course will assign a signature assignment.

Instructors will facilitate the collection of these signature assignments.

A candidate signature assignment will be sent to the PRC no later than 10.31.

Briefly explain how the course explicitly satisfies the course criteria for the relevant outcome listed in the pilot details:

By filling out below, you agree to the inclusion of the above course in the GE Program Review Spring 2023 Pilot.
