Why General Education?

General Education provides you with the skills, knowledge, and experiences that will ensure your success during and after college, and in your professional, personal, and civic lives. No single major can provide you with all the knowledge and skills you will need to be successful and fulfilled; it is General Education that provides you with the skills you cannot gain from your majors. General Education deepens your understanding of the world around you and of yourselves as human beings, opening your eyes to other worlds and other perspectives. Through General Education, you will become ready to engage as citizens to make a difference in a diverse democracy.
